Communication ◦ Leadership ◦ Project Management ◦ eCommerce ◦ Web Development ◦ Troubleshooting ◦ HTML5 ◦ CSS ◦ JavaScript ◦ Responsive Design ◦ Web Services ◦ Adobe Suite ◦ Team-oriented ◦ WordPress ◦ CMS ◦ Database

PROFESSIONAL EXPERIENCE

VOLUNTEER LEAD WEB DEVELOPER *STEM Montessori Academy of Canada, Toronto, Ontario. Nov 2019 – Jan 2020.*

- Lead the team of 8 developers, providing guidance and orientation on the implementation of wireframes and prototypes that later led to the development and release of a new website application based on HTML /CSS front-end and WordPress CMS.
- Designed and established 3+ CSS 3 model patterns, by implementing custom styling and rules, creating a standardized layout that resulted in the reduction of the workload for the team-developers.
- Managed and configured over 15+ components and 3rd part plugins, observing and following marketing rules to facilitate the implementation of forms, interactive applets, and navigation menus.
- Created from scratch with PHP 4+ custom components to facilitate the implementation of standard features shared by all pages, filling the gap of the chosen theme, resulting in a scalable and reusable model.

WEB DESIGNER *Leandro Informatica – Santa Catarina, BRAZIL. Mar 2014 – Dec 2016.*

- Created and managed customized web site for 10+ local businesses such as Real States, Restaurants, Pet Shops, Amusement Parks, and shops.
- Meeting with all clients to understand the business model and then provide prototypes and wireframes to approval before starting the coding which made the process faster and more comfortable for both parts.
- Developed customized themes and plugins for Joomla! And WordPress for different business niches.
- Executed the work remotely whenever was needed on the web sites development and client support.

LEVEL DESIGNER *Ground Control Studios – Remote, Portugal. Jan – Dec 2016.*

- Planned the architecture and created +150 challenging and clever levels of the mobile (Android/ iOS) puzzle game SWIPEZ with visual tools on Unity Engine and C# for game mechanics.
- Worked remotely with a team of three developers using git and GitHub as our version control solution.
- Improved experience in collaboration work with weekly video call meetings where new features were discussed and teammates work revised.

BRANCH MANAGER *Federal Public Bank – Caixa Economica Federal – São Paulo BRAZIL. May 2013 – Oct 2019.*

- Managed the financial sales team on a federal bank providing services as Mortgage, personal loan, vehicle loan, insurance, financial planning, and federal payments.
- Developed strong communications skill in a diverse work environment and with clients on sales and after-sales.
- Achieved the top 3 sales branch mark every year and the top branch marks for 3 years.
- Coordinated 2 different branches which improved my resilience skill to achieve the best result in a very small and low number of employees branch, and in a big and well segmented branch.
